EV CHARGING RECOMMENDATION

Shah Dhriti Bhavin – 240280111138

Sheth Suhani Pushpak- 250283111019

Trivedi Kavy Bhavesh- 240280111147

Ghuriya Kavya Shaileshkumar- 240280111036

SCREENSHOTS OF SIMULATION OF MILESTONE-3

```
# Step 3: Display the test results clearly

test_results_df
```

	Test Case	Distance (km)	Availability (%)	Cost ($/kWh)	Recommendation Score
0	1	1	95	3	85.30
1	2	2	90	5	83.46
2	3	4	65	9	61.85
3	4	5	80	7	81.22
4	5	7	60	10	50.00
5	6	8	50	12	50.00
6	7	10	50	10	50.00
7	8	12	20	18	15.56
8	9	14	10	19	14.00
9	10	15	5	20	13.52

Test results in tabular form

```
print("Highest Recommendation:")
print(highest)

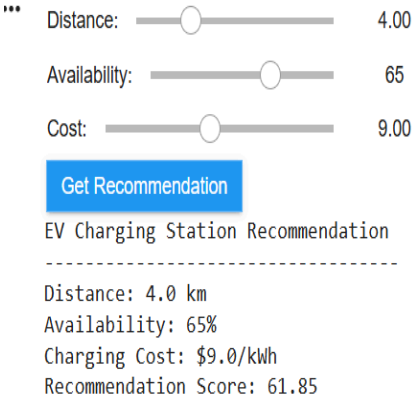

print("\nLowest Recommendation:")
print(lowest)
```

```
Highest Recommendation:
Test Case                1.0
Distance (km)            1.0
Availability (%)        95.0
Cost ($/kWh)             3.0
Recommendation Score    85.3
Name: 0, dtype: float64

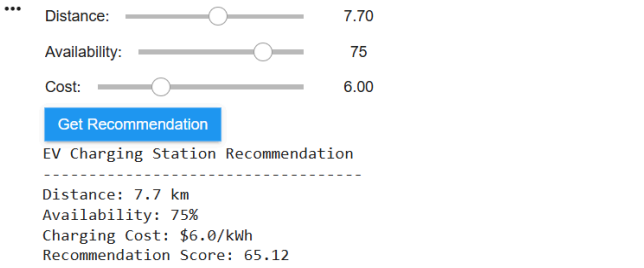

Lowest Recommendation:
Test Case               10.00
Distance (km)           15.00
Availability (%)         5.00
Cost ($/kWh)            20.00
Recommendation Score    13.52
Name: 9, dtype: float64
```
